

# python developerANANDU KRISHNA VP

Python Developer | Django & MVC Web Development

Kozhikode, Kerala, India | +91 8921303751 | anandukrishna@gmail.com | linkedin.com/in/anandukrishnavp88 | github.com/anandukrishna-git

## PROFESSIONAL SUMMARY

Fresher Python Full Stack Developer with hands-on internship experience building web applications on the MVC/MVT architecture using Python and Django. Skilled in Django ORM, CRUD operations, authentication, form validation, REST API concepts, SQL database design, and responsive front-end development with HTML5, CSS3, Bootstrap, and JavaScript. Comfortable with debugging, testing, and version control (Git/GitHub) in collaborative, agile team environments. Quick learner, self-starter, and effective communicator, open to relocation.

## CORE SKILLS

**Languages:** Python, JavaScript, SQL  
**Architecture:** MVC / MVT Architecture  
**Frameworks:** Django, Django ORM, Django REST Framework (fundamentals)  
**Frontend:** HTML5, CSS3, Bootstrap, Responsive Web Design, JavaScript  
**Database:** SQLite, SQL (Relational Database Design & Queries)  
**Concepts:** CRUD Operations, Authentication & Authorization, Form Validation, Requirement Analysis, Debugging & Testing  
**Tools:** Git, GitHub, VS Code, Postman

## EXPERIENCE

**Python Full Stack Developer Intern — Trycode Innovations, Calicut, Kerala** Jan 2026 – Present

- Developed and maintained Django-based web application modules using Python, Django ORM, and SQLite, following the MVC/MVT design pattern.
- Built responsive, cross-device UIs with HTML5, CSS3, and Bootstrap; implemented CRUD functionality, session-based authentication, and form validation.
- Debugged URL routing, ForeignKey relationships, session management, and file upload functionality; diagnosed root causes and fixed bugs in existing modules under mentor guidance.
- Collaborated using Git and GitHub for version control and code reviews; tested applications before deployment.

**AI & Machine Learning Intern — Edu Tantr, Remote** Dec 2024 – Jan 2025

- Assisted in AI/ML research and data-processing tasks using Python, supporting exploratory analysis and technology-focused assignments.

## PROJECTS

**SkillHub** | Django, Python, SQLite, HTML5, CSS3, JavaScript

- Built a multi-role Django platform (MVC/MVT) for students, companies, and staff with project listings, shortlisting, and feedback workflows, modeling 10+ interlinked entities with Django ORM.
- Designed a unified, CSS-based front-end system — reusable layouts, responsive tables, and form components — across 15+ templates.

**Food Waste Reducer** | Django, Python, SQLite, Bootstrap, HTML/CSS

- Engineered a full-stack food donation platform connecting donors and recipients, with role-based authentication and CRUD operations built on Django's MVC architecture.

**SignBridge** | Django, JavaScript, HTML5, CSS3, Bootstrap

- Built an accessibility-focused communication platform with a responsive, mobile-first CSS UI and dynamic form handling using Django (MVT architecture).

## EDUCATION

B.E., Computer Science & Engineering — Excel Engineering College, Namakkal, Tamil Nadu (2022 – 2026) | CGPA: 7.67  
HSC: 86% — GMHSS C.U. Campus | SSLC: 98% — St. Paul's E.M.H.S School

## CERTIFICATIONS

Python Fundamentals (Infosys Springboard) • Python Certification (Udemy) • Generative AI Revolution (AWS Aspire) • Introduction to IoT 4.0 (NPTEL)

## SOFT SKILLS & LANGUAGES

**Soft Skills:** Problem Solving, Team Collaboration, Communication, Adaptability, Quick Learning, Time Management  
**Languages:** English, Malayalam, Tamil, Hindi
